

Inclement Weather Procedures

As usual our school will be announcing any school closings, delays or early dismissals on 92.7 WOBN.

You can also access this information instantly by heading to www.shorestormwatch.com. Click on R for the first letter of the organization or type in Ring Around the Rosie. Click show status and our school's current status will be listed.

Please keep in mind the school will still be announced on the radio as it was before if you do not wish to use the online system.
